

CIMINO'S CABINET DOORS

Let Southern Lumber help you regain lost space in your home with a Pre-Fab storage shed.

LIST OF NEEDED STEPS:

1. Take careful measurements of existing cabinet openings or existing Doors and Drawer fronts.
2. Gather ideas from one of the many designs, Be sure to check out the wonderful display inside our store.
3. Select a style.
4. Select a specie that best suits your needs, Paint Grade or Stain Grade.
5. Fill out Cimino's order sheet. Typical items that are required : Specie, Paint Grade or Stain Grade, Cabinet opening or Door sizes, Single doors or Pairs, Inside and Outside edge detail, Will doors be bored for European Hinges? If so which direction will they swing.
6. Once order has been received test fit for correctness. Next you will need to prep each door or drawer front for final finish, Some light sanding may be required.
7. Follow this with careful dust removal, usually by careful vacuuming and wiping down each door or front with a Tack Cloth.
8. Now your ready to apply your Stain and Finish or Primer and paint.
9. Once Doors and Drawer Fronts have been completely finished, Start with upper Door replacement first (that way you're less likely to rub against lower doors with a ladder or step stool.
10. Complete by installing lower Doors and Drawer fronts.
